## **MISSION STATEMENT AND MANAGEMENT OF THE LIBRARY** **AS A PUBLIC SPACE**

The Davis County Library serves the community as a prominent public space that strives to accommodate the differing needs and expectations of a diverse populace.

Accordingly, the Library commits itself to managing the library branches as public spaces that meet the community's general expectations for visual interest, comfort, safety, functionality and efficiency. The Library strives to achieve this goal through effective investment in buildings, utilities, furnishings and electronics. In addition, the Library establishes policies, in conformity with Davis County policies and applicable law, and trains staff to advance the community's interest in operating the branch libraries as inviting and vibrant public spaces.

Reflecting these goals and the commitments, the Davis County Library adopts the following mission statement:

### **Mission Statement of the Davis County Library**

**In fulfillment of its responsibility as a vibrant public agency vital to the quality of life of the citizens of Davis County, the Davis County Library commits itself:**

- **To provide the diverse community it serves with cost-effective access to information in formats that most clearly meet the needs of the citizens it serves;**
- **To develop programs, collections and policies based on a broad vision of what constitutes "library services" and do so in a manner which invites patrons to explore the ways in which the library can be of value in their lives;**
- **To add value to library services through quality person-to-person assistance; and,**
- **To manage library resources efficiently, effectively and with full accountability for the stewardship of a valued public service.**

The Library also engages in a continuous process of assessment, evaluation and strategic planning to facilitate on-going improvements to the branch libraries as public spaces and to advance compliance with the commitments and goals expressed in this policy. Finally, through signage and public relations efforts, the Library will invite patrons, including those using the general public areas of the branch libraries, the meeting rooms, the grounds and the Internet, to utilize all library resources in a manner appropriate to a shared public space. Consistent with the mission defined above, patrons are encouraged to manage their own use of library resources in a manner that advances their personal free and open inquiry while also accommodating a variety of users, including minors, and that is respectful of the needs, diverse expectations and investment of all library users and the community as a whole. Approved by Davis County Library Board, November 24, 2009.

## **RESIDENCY 100**

The primary mission of the Davis County Library is to provide library facilities, services, staff and materials to meet the needs of residents. In accordance with Utah State law, a resident is anyone who resides in any area of Davis County which is taxed for county library service. In addition, individuals who reside outside the Library's taxing jurisdiction, but who own property that is taxed by the Davis County Library are also considered residents for purposes of receiving library services. The rights and privileges established under the policies of the Davis County Library are reserved for residents as herein defined, except as provision is made by the Board of Directors to extend services to non-residents.

1. When a price has not been entered for a specific copy of a title, the computerized circulation system supplies an average replacement cost for that type of item. This will occur most commonly for older items and gifts for which prices are not known.. This cost is assessed should a patron have to replace an item.
2. The Library Director may establish a reasonable average replacement price for any formats not addressed in policy. Based on recent acquisitions in that this price may be used until it is formally included in this policy.

## **LIBRARY RECORDS 150**

1. The Davis County Library retains administrative, financial, operational, and personnel documents and records, and makes them available to the public, in compliance with Davis County ordinances and relevant Utah State and federal laws.
2. In accordance with Section 63-2-302 (1) ©, Utah Code Annotated, or such other provision as may be adopted by the Utah Legislature, which defines as private “records of publicly funded libraries that when examined alone or with other records identify a patron,” the Davis County Library will disclose the following records only when requests comply with the conditions established in Section 63-2-201 (5), Section 63-2-202, or Section 63-2-206, Utah Code Annotated or such other provision as may be adopted by the Utah legislature or the federal government:

Registration Records, including but not limited to the names, addresses, telephone numbers, names of spouses and dependents of individuals who have applied for library cards.

Circulation Records, including but not limited to materials checked out to a patron, materials checked out in the past to a patron, the names of patrons to whom a particular title is or has been checked out, the library borrowing patterns of a patron, and materials on in-house loan to a patron.

Patron Financial Records, including but not limited to a patron’s fine history, amounts paid, methods of payment and dates of payment.

Operational Records related to patrons, including but not limited to registration for programs, documentation on patron-related circulation and behavior problems, and correspondence on patron-related circulation and behavior problems.

3. When in response to a patron’s request for information, the patron’s registration, circulation, financial, or operational records are discussed in a public area with the patron, an individual with legal responsibility for the patron, or an individual authorized to use the patron’s library card, the conversation is not considered “disclosure” of a private record in terms of this policy. The Library will share information regarding materials on hold for a patron with another individual, when the patron has authorized the individual to check out materials on his or her behalf as evidenced by a) item-specific information shared by the patron that identifies the materials or b) when the individual is in possession of the patron’s library card. In

which items are being held is construed as consent to access information about and check out items. This policy will be implemented based on guidelines established by the Library Director.

4. In accordance with Section 63-2-801, Utah Code Annotated, or such other provision as may be adopted by the Utah Legislature, the Davis County Library may pursue available legal remedies against an individual who by false pretense, bribery, or theft, gains access to any private, controlled, or protected record retained by the Library. The decision to pursue legal remedies is made in consultation with the Office of the Davis County Attorney. When legal action is taken under the provisions of this policy, the Board of Directors will be so notified and, if circumstances so warrant, will be asked by the Library Director to formally approve the action.
5. In accordance with Section 63-2-801, Utah Code Annotated, or such other provision as may be adopted by the Utah Legislature, the Davis County Library may pursue available legal remedies against a Library staff member who intentionally discloses or provides a copy of any private, controlled, or protected record retained by the Library to any person knowing that such disclosure is prohibited. The decision to pursue legal remedies is made in consultation with the Office of the Davis County Attorney. When legal action is taken under the provisions of this policy, the Board of Directors will be so notified and if circumstances so warrant, will be asked by the Library director to formally approve the action.
6. All requests made for records made under the Patriot Act need to be referred to the Director or a designated library administrator.

## **SERVICE TO PATRONS WITH DISABILITIES 160**

1. The Davis County Library complies with Davis County policies regarding the employment of, and provision of County services to citizens with disabilities, as required by Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.
2. The Davis County Library makes reasonable accommodations to provide services to citizens with disabilities on an equitable basis, and in accordance with the requirements of the Americans with Disabilities Act.
3. The Director will establish procedures to facilitate the provision of library services to citizens with disabilities in accordance with the principle of reasonable accommodation, and within the scope of the Library's mission, goals, and resources.

**Approved by Davis County Library Board June 2, 1992; Revised August 20, 2002**

## **GUIDELINES FOR PROVIDING SPECIAL-NEEDS SERVICES 170**

It is the policy of the Davis County Library to comply with the provisions of the Americans with Disabilities Act. As part of that policy, the Director is required to “establish procedures to facilitate the provision of library services to citizens with disabilities in accordance with the principle of reasonable accommodation and with the scope of the Library’s mission, goals, and resources.”

The following guidelines and procedures are established in fulfillment of this requirement. They are intended to be applied by all staff members in carrying out the public service functions of the Library. Staff members uncertain about how to apply the guidelines in a particular situation should, if feasible, consult with a designated library administrator, or the Director.

### **General Services**

Individual patrons may require assistance in order to utilize the services of the Library. Cases in which such assistance may be required include, but are not limited to:

1. Sight-impaired patrons requiring assistance in reading terminal screens or reading reference materials.
2. Patrons in wheelchairs requiring assistance in retrieving books from high shelves.
3. Patrons with arthritis requiring assistance in using a keyboard.

In these and similar cases, the staff member will:

- A. Evaluate the type of assistance needed and provide it with as much thoroughness as immediate demands for services from other patrons make possible. The same standard for allotting time to assist a patron with a reference or reader’s advisory question under similar circumstance should be applied. Most requests for assistance will require no more time than many reference or reader’s advisory questions, and will be treated accordingly.
- B. In cases in which a significant amount of staff time is required to meet the request for assistance, and neither the librarian nor another staff member is able to commit the time to provide the service under the circumstances, the librarian will attempt to arrange a designated time when the service can be rendered. Extensive reading from reference materials may be such a case. In situations in which it is possible, patrons requiring extensive assistance can be encouraged to contact the staff to make arrangements before coming to the Library. If a patron will need extensive assistance on a routine basis, the staff

may try to arrive at less time-intensive methods for providing service. For example, the solution may require the Library to purchase an assistive device, or to refer the patron to another agency, such as the Library for the Blind at the State Library.

- C. The staff is not required to provide special services beyond those dictated by the patron's special need and the limits of normal on site library services. Staff members are not required or authorized to alter policies to accommodate a patron's special needs.
- D. The staff should not provide special-needs assistance to patrons which could result in physical injury to the patron or the staff member. Such assistance could include, but not be limited to, helping a patron move from a wheelchair to a car or supporting a patron on the stairs to the basement. This provision does not preclude staff members from providing assistance in emergency situations, similar to the assistance they would provide other patrons under like conditions. For example, staff members may assist patrons who fall to regain their feet or seat when in their judgment they can do so without risk of injury to themselves or the patron.

### **Programs**

Individuals may require certain accommodations in order to participate in a library-sponsored program. Cases in which such accommodations may be desired include, but are not limited to:

- 1. A sign language interpreter for the hearing impaired.
- 2. Magnifying devices to make overhead projections clear for the visually impaired.
- 3. Special assistance for a physically-impaired child to participate in a hands-on program activity.

Within the context of reasonable accommodation, the Library will attempt to meet the special needs of patrons to permit them to participate in Library sponsored programs. When the Library sponsors a program, its advertisement will include notice that special accommodations may be made if an interested patron notifies the Library before a given date. Upon receiving a request to make an accommodation, the Library will investigate feasibility and cost. The Library will notify the patron of its findings, and will make appropriate arrangements if the accommodation is judged to be feasible and reasonable.

## **Appeals**

A patron who believes that a reasonable accommodation was not, or is not being made for their special service needs should contact the Branch Manager or the Director. The final decision regarding service accommodations rests with the Director. A patron wishing to receive a formal reply following denial of a service accommodation must submit a written request for the accommodation to the Director, who will respond in writing within five work days.

Approved by Davis County Library Board February 23, 1993; revised August 20, 2002; revised November 15, 2016

## **THEFT AND MUTILATION OF LIBRARY MATERIALS 180**

When Library material is mutilated, damaged, or stolen, as defined within Utah law, it is the policy of the Davis County Library to pursue available legal remedies, either civil or criminal, as the circumstances warrant. The decision to pursue legal remedies is made in consultation with the Office of the Davis County Attorney. When legal action is taken under the theft and mutilation provisions of Utah law, the Board of Directors will be so notified and, if circumstances so warrant, will be asked by the Library Director to formally approve the action.

The Director is authorized to establish and the staff authorized to enforce procedures necessary to protect library property, including materials, from theft, damage and mutilation, and to document such activities when they occur. Such procedures will conform to the requirements of relevant laws, particularly those established in Utah Code Annotated 76-6-801 through 76-6-804 or such other provisions as may be adopted regarding library theft.

Approved by Davis County Library Board April 28, 1992; revised May 29, 1997; revised August 20, 2002

### **Introduction**

1. The Davis County Library offers ILLs to Davis County residents and those who purchase non-resident library cards.
2. Policy and procedures for ILL services are approved by the library board, maintained by the Library Director, and comply with state and national ILL codes.
3. Davis County limits the number of checkouts and requests the individual patrons to decrease risk of damage or loss of non-county property and maintain good relationships with organizations participating in the ILL program. Exceptions to such limits may be approved by the Director or a designated administrator.

### **Circulation**

4. Patrons may request ILLs at no charge from Davis County Library, as long as requests are picked up after patrons have been notified items are available.
5. Patrons must sign up for a library card before requesting an ILL.
6. Ill requests from minors must be approved by the minor's legal guardian.
7. Patrons are limited to 5 ILL requests and 5 ILL checkouts at one time. Articles are not counted toward total checkouts.
8. ILL due dates are based on those set by the lending library.
9. Patrons may renew ILLs if approved by the owning library; patrons will request renewals through the Davis County Library.

### **Fees and Limitations**

10. ILL charges count toward the total fees on patron accounts, and patron accounts will be limited according to the Library's Circulation policy (#120).
11. Owning libraries may require fees for ILLs; Davis County Library checks to make certain patrons are willing to pay the additional cost before filling requests.
12. The Library charges a \$3.00 fee for each request that is not picked up to defray the cost in staff time and county materials used to fill the request. Patrons who do not pick up requested ILLs are still responsible for charges associated with items not picked up.

13. Interlibrary loans to Davis County Library patrons will be declared lost after 21 days from the due date.
14. A \$20.00 processing fee is assessed for each ILL item lost or damaged beyond repair in addition to the cost assessed by the lending library.
15. Patrons who damage ILL items will be assessed fees based on the requirements of the lending library and according to the Davis County Library's Circulation policies and fee schedule.
16. The Library Director or a Deputy Director may further limit ILL services to patrons who do not adhere to the established guidelines.
17. Patrons requesting articles through ILL have the following pickup options::
  - a. Articles may be emailed as an attachment with no additional charge.
  - b. Articles may be printed and held for pick-up at a library location. The cost for printed articles will match the Library's general charges for public printing or photocopies.
18. Items borrowed through Interlibrary Loan have a higher potential for unique communication and billing situations; such situations will be resolved by the Library Director, in consultation with the Davis County Civil Attorney's office.

### **Letters and Notification**

19. The Library sends written notice to a patron who borrows items through ILL as described below. As a courtesy, the Library may also elect to make phone calls or send electronic notifications to patrons about overdue interlibrary loans.
  - a. Notification letters are sent 10 calendar days after the item is due, and will include
    - i. The date by which the patron must return the items before materials are declared lost, and their account is charged.
    - ii. An estimated cost to be charged to the patron's account if materials are not returned by that date.
  - b. No notification letters are sent if
    - i. The account is cleared in full; or
    - ii. Materials have been returned, and only fees remain on the account; or
    - iii. The account has been picked up by the Library's commercial collection service as described in the Library's Circulation Policy.

## **250    DONATIONS AND DISPLAY OF ART WORKS**

1. The Davis County Library does not actively solicit, or routinely accept, donations of art works for permanent display in the Library. 2. All donations of art work must be accepted by the Library Board of Directors. The Board of Directors reserves the right to appoint an independent advisory committee of qualified individuals to evaluate, and make recommendations regarding potential donations in terms of:

- 
1. the appropriateness and security of display space in the Library;

All donations are proffered to the Library Director, who will advance to the Board of Directors those recommended for acceptance based on the above criteria.

## **BULLETIN BOARDS AND DISPLAY POLICY 260**

### Preamble

Bulletin Board and display areas are available in each branch of the Davis County Library. The primary purpose of these areas is to provide the public with information about educational, cultural and civic events. Consequently, public rather than private benefit is the primary value which governs the interpretation and application of the following policies.

---

1. Notices will be posted and materials displayed only in designated areas and with the approval of the Branch Managers. Space limitations generally require that notices be 8 ½ inches x 11 inches or smaller. Larger notices may be posted if space is available. Items such as brochures and booklists will be displayed as space permits, provided they meet the criteria of these policies. In all cases, Library notices and display materials are given priority. The Library does not distribute commercial periodicals, apartment listings, want ads, organizational newsletters or similar publications.
2. Notices will be posted and materials displayed if they announce or promote civic, educational or cultural events, or services provided by governmental or other non-commercial agencies. Notices will not be posted or materials displayed if they announce or promote businesses or business activities, activities that are social in nature, or if they convey personal messages or options.
3. Dated notices and materials will be removed promptly and disposed of once the date of the event has passed. Undated notices and materials will be removed after being posted or displayed for sixty (60) days as space is needed.
4. Display areas not designated for public use are used solely to promote the use of the Library, library services, and library materials. These areas include, but are not limited to, encased spaces in foyers, book display units, and counter, desk and shelf surfaces.
5. All items displayed in the Library, including those owned by the Library, will fall within the bounds of visual appropriateness, based on prevalent community standards and practices, for an institution serving both adults and minors.

Patrons are expected to abide by the Code of Conduct adopted by the Library Board of Directors while accessing the internet and electronic resources; behavior involving Internet and electronic resources that is abusive, harassing, intimidating or disrespectful is in violation of the Library Code of Conduct and Davis County Policies.

35. Staff members will deal with harassing and related violations as outlined in the Library Code of Conduct and consistent with Davis County Policies.

### **301 Internet Safety for Minors**

*Describes policy and process for protecting minors from viewing harmful information or disclosing personal information via the Internet in public library spaces; confirms Davis County Library's compliance with the Children's Internet Protection Act (CIPA), state and national laws; this policy is regularly reviewed and readopted by the Library Board.*

#### **Introduction & Purpose**

1. The Library provides computer access to minors, including filtered access to the Internet.
2. This policy is an appendage to *Policy #300 Access to Internet & Electronic Information*; all criteria established in other Library policies regarding use of public Internet also apply to use by minors except as described in this policy.
3. Parents are responsible for the use of the Internet by their minor children. The Library encourages parents to:
  - a. supervise and monitor Internet use by minor children because filtering software may not be able to filter all information considered harmful to minors.
  - b. discuss use of the Internet with their own minor children in relation to individual family values and boundaries; some parents may deem certain unfiltered materials unsuitable for their own minor children.
4. Davis County Library has instituted reasonable measures to:
  - a. prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications;
  - b. prevent unauthorized access and other unlawful online activity;
  - c. prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and
  - d. comply with the Children's Internet Protection Act ("CIPA").
5. The Davis County Library participates in the federal E-Rate program. This program makes certain communications technology more affordable for eligible schools and libraries that are complying with the requirements of CIPA.
6. Consistent with Utah Code section [9-7-216](#) and State Administrative Code [R458-2](#),
  - a. a public meeting for the purpose of discussing the proposed policy, following normal public notice and comment, was held on May 24, 2011; this policy was approved by the Davis County Library Board on June 21, 2011.
  - b. this policy is reviewed in its entirety every three years, and was most recently reviewed and approved by the Library Board on May 12, 2022 in an open meeting, following normal public notice and comment.
  - c. the next formal review and readoption for all sections of this policy will occur no later than July 1, 2025; notations at the end of this document will reflect actions taken for all sections of this policy.

#### **Internet Filtering and Management**

7. The library uses the following measures to comply with CIPA and protect minors:
  - a. Implements reasonable technology protection measures to restrict access to Internet sites or electronic information that contain depictions considered to be child pornography, harmful to minors, obscene or containing Sexually Explicit Conduct, and to prevent inappropriate network usage; definitions of these terms are provided below, and under the heading "Internet Filtering and Management in *Policy 300 Access to Internet & Electronic Information*.
  - b. Makes reasonable efforts, to the extent practical, to supervise and monitor usage of the online computer network and access to the Internet.
  - c. Posts signs in library locations informing patrons and minors of safe Internet practices and encouraging all users to inform staff members or parents of inappropriate material encountered while accessing Internet and electronic information at the Library.
  - d. Posts a Code of Conduct approved by the Library Board, which informs patrons of reasonable expectations for behavior when using Library spaces.
8. This policy makes frequent reference to many specific legal definitions; portions of these legal definitions are provided below, for ease of reference.
  - a. Child Pornography (Utah Code [76-5b-103](#)): any visual depiction, including any live performance, photograph, film, video, picture, or computer or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of sexually explicit conduct, where:
    - i. the production of the visual depiction involves the use of a minor engaging in sexually explicit conduct;
    - ii. the visual depiction is of a minor engaging in sexually explicit conduct; or
    - iii. the visual depiction has been created, adapted, or modified to appear that an identifiable minor is engaging in sexually explicit conduct.
  - b. Harmful to Minors (Utah Code [76-10-1201](#)): that quality of and description or representation, in whatsoever form, of nudity, sexual conduct, sexual excitement, or sadomasochistic abuse when it:

    - ii. is patently offensive to prevailing standards in the adult community as a whole with respect to what is suitable material for minors; and
    - iii. taken as a whole, does not have serious value for minors; serious value includes only serious literary, artistic, political or scientific value for minors
  - c. Nudity (Utah Code [76-10-1201](#)):
    - i. the showing of the human male or female genitals, pubic area, or buttocks, with less than an opaque covering;
    - ii. the showing of a female breast with less than an opaque covering, or any portion of the female breast below the top of the areola; or

- iii. the depiction of covered male genitals in a discernibly turgid state.

- f. Sadomasochistic Abuse (Utah Code [76-10-1201](#)): (a) flagellation or torture by or upon a person who is nude or clad in undergarments, a mask, or in a revealing or bizarre costume, or (b) the condition of being fettered, bound, or otherwise physically restrained on the part of one so clothed.
- g. Obscene (as defined in [20 United States Code Section 9101](#)) means that:
  - i. the average person, applying contemporary community standards, would find that such project, when taken as a whole, appeals to the prurient interest;
  - ii. such project depicts or describes sexual conduct in a patently offensive way; and
  - iii. such project, when taken as a whole, lacks serious literary, artistic, political, or scientific value.

### **Library Staff Response to Minors**

9. Limitations on content accessed through the Internet and electronic resources in these spaces are also governed by the boundaries established in the Library's Collection Development policy because the Library's Collection Development policy establishes broad boundaries of what visual depictions parents may anticipate minors will encounter in library spaces intended for use by minors.
10. When interacting with minors, library staff will apply the same concepts, approach, and methods as described in Policy #300 Access to Internet & Electronic Information; exceptions when working with minors may include:
  - a. Staff intervention with minors will take into account the most appropriate methods based on the age of the individual, the nature of the material being accessed, and the

opportunities the staff member sense for providing information that will deter future difficulties; as necessary, staff will devise a strategy involving a progressive level of response in consultation with the Branch Manager or Library Director. Such strategies may include:

- i. Conversations and verbal warnings to the minor.
  - ii. A letter to the minor's parent or legal guardian.
  - iii. Suspension of Internet privileges for a period of time.
- b. Staff will not allow minors and other patrons to access visual images which meet the requirements for nudity included above, except when they have "serious literary, artistic, political or scientific value for minors."
- i. In its effort to comply with statutory requirements for intent concerning "literary, artistic, political, or scientific value," the Library relies on the judgment, commitment and purpose of other organizations with recognized competence and expertise.
  - ii. Images will be permitted if they are provided by organizations with recognized competence and expertise or clearly labeled as owned by them because they are considered authoritative to establish "serious value." Examples of such organizations include, but are not limited to:
    1. Bona fide museums.
    2. Governmental agencies.
    3. Universities.
    4. National health associations.
  - iii. Images will not be permitted if they do not meet the above criteria, including but not limited to:
    1. Sites selling posters or art prints without attribution of museum ownership.
    2. commercial periodicals.
    3. private galleries
    4. personal websites or blogs
  - iv. The presence of an image on a site without reference to an organization authoritative enough to assign "serious value" is not sufficient to permit display under these conditions.

**Approved by the Davis County Library Board, June 21, 2011; revised April 16, 2013; revised April 19, 2016; revised April 16, 2019; this policy revised and combined with Guidelines for Appropriate Use of Electronic Information Sources May 12, 2022.**

### **310 Solicitation, Distribution of Literature, Solicitation of Signatures and other Uses of Library Property**

*Defines the nature of library property and outlines the process for distributing literature and soliciting signatures.*

1. The Library strives to promote an environment conducive to personal study, leisure reading, and the search for information, to maintain a sense of the library's neutrality, and to maintain a safe and convenient flow of traffic into and throughout the library buildings.
2. The Library prohibits solicitation for commercial purposes in all public service areas of the library and on library grounds, including the distribution of literature promoting a particular product or service as well as the actual selling of products or services, whether to library staff members or to patrons. An exception to this policy may be made for promotional materials distributed by the Library in conjunction with other entities or initiatives that align closely with the library's mission.
3. The Library is mandated by federal and state law to permit individuals to use outdoor spaces on Library property to gather signatures, display hand-held signs, pass out fliers, and engage in other expressive activities protected by the First Amendment of the U. S. Constitution so long as the passage of library users to and from the facility is not impeded. Accordingly, the Library prohibits the distribution of literature, the solicitation of signatures, and other similar activities in the following areas:
  - a. Public service areas of the library
  - b. Foyers and the entrance ways of the library
  - c. All walkways immediately adjacent to the library
  - d. All library parking areas
4. Available spaces, based upon the physical configuration of each library location's entrance and the need to maintain unimpeded patron access and egress, will be made available to the public for the purposes described in this policy. Maps of locations will be designated for each branch along with a written physical description of those designated areas. The Library will not provide tables and chairs although groups or individuals are welcome to do so as long as they remain in designated spaces.
5. Those wishing to distribute literature, solicit signatures, or undertake similar activities are encouraged to do so in the Library's meeting rooms and conference rooms, which are made available for civic, educational, informational and cultural purposes upon application and in accordance with the Library's "Meeting Room Policy." Those engaged in the above activities may not stand outside library meeting rooms. An exception to

this policy may be made for voter registration conducted by Davis County officials or for local, state or federal voting activities.

6. Individuals wishing to distribute literature, solicit signatures or engage in similar activities are asked to register with library staff (Associate Librarian and higher) prior to beginning activities.
7. Registration includes the completion of a form with the following information:
  - a. Name of sponsoring organization
  - b. Name and contact information (current phone number or email address) of a contact person in the event complaints are received
  - c. Type of activity
8. Registration does not guarantee space for this activity and will be available for use as other groups or individuals may already be using it.
9. Failure to register will not preclude an organization from conducting its free speech activity, provided it does not create a public safety issue or interfere with a previously scheduled free speech activity and meets all other requirements of this policy.

#### 10. Use of Property

- a. Signage promoting petitions or activities may not be placed on or affixed to library property, which includes the library's buildings and grounds. Temporary signage is permitted in designated outdoor areas and within meeting and conference rooms.
- b. Petitioners must in no way affiliate themselves with the Library either through written policy, signage, or verbal statements.
- c. In the event individuals or organizations fail to limit their activities to designated spaces, library staff will first request that the individual or members of the organization comply with remaining in designated spaces, as indicated on the map and physical descriptions for that location.
- d. Failure to comply may result in the staff asking the individuals to leave the library's property. Staff will inform a Deputy Director or the Library Director, who will confer with the County Attorney's office regarding possible further action.
- e. Those whose activities have been limited as a consequence of their failure to remain within designated spaces, may appeal the decision to the Davis County Library Board of Directors either in writing through the Library Director or in person at the next regularly scheduled meeting of the Library Board.

1. The Library may utilize photos or videos of patrons and staff, which are regularly taken during public programs and events in Library facilities and in Library spaces, in print and electronic marketing materials. Others may be posted on the Library's website, and on the Library's various social media accounts.
2. Attendance at Library sponsored events or programs constitutes the consent of attendees to be photographed or filmed for the uses described above. Patrons who do not wish the Library to use a photo or video of them or of their child, must inform a Library staff member prior to the beginning of the event. This policy extends to the Library's outreach efforts, including community and public events. To ensure the privacy of individuals and children, images will not be identified using full name without written approval from the guardian on a form provided by the Library.
3. Casual amateur photography, filming or video recording is permitted in Library locations for patrons, visitors and staff, provided that the photography does not interfere in any way with Library operations or capture any identifiable likenesses of individuals without their permission.
4. Permission to be included in a photograph or film must be granted by the subject and is the responsibility of the individual or group filming or taking photographs to obtain.
5. The Library permits use of Library property for non-commercial photography or filming purposes, such as educational projects, and for filming in conjunction with news reporting in accordance with direction provided by the Library staff in regards to the privacy rights of patrons, the safety of Library patrons and staff, and maintenance of an environment and traffic flow conducive to the provision of Library services.
  - a. In the case of news reporting and press-related activities, library staff will allow the activity, after providing direction as described above, and inform a library administrator, who will inform the Library Director. Staff are not required to inform library administration of this activity prior to its occurrence.
  - b. All others wishing to use Library property for non-commercial filming and photography may contact any Branch Manager, the Director or a Deputy Director for permission.
6. Patrons wishing to use interior and/or exterior Library property for commercial photography, filming purposes, or portraiture including, but not limited to, weddings and engagement photos, family or graduations portraits, etc., must
